# [320] Graph Search

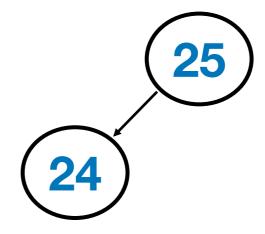

Meenakshi Syamkumar

Assume this insertion order for a BST: 25, 24, 21, 4, 3, 2, 11

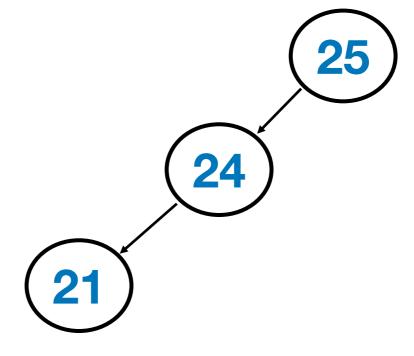

Assume this insertion order for a BST: 25, 24, 21, 4, 3, 2, 11

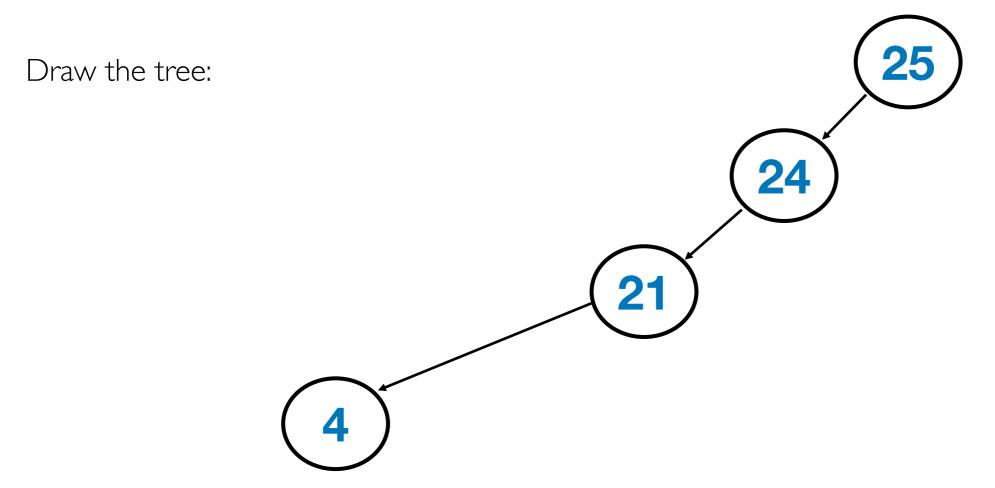

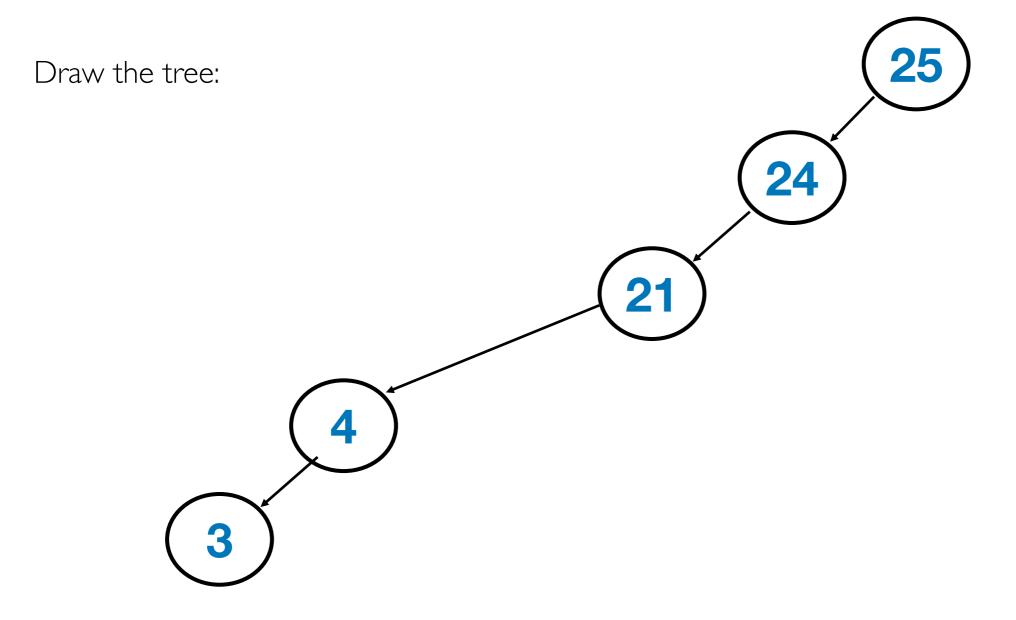

Assume this insertion order for a BST: 25, 24, 21, 4, 3, 2, 11

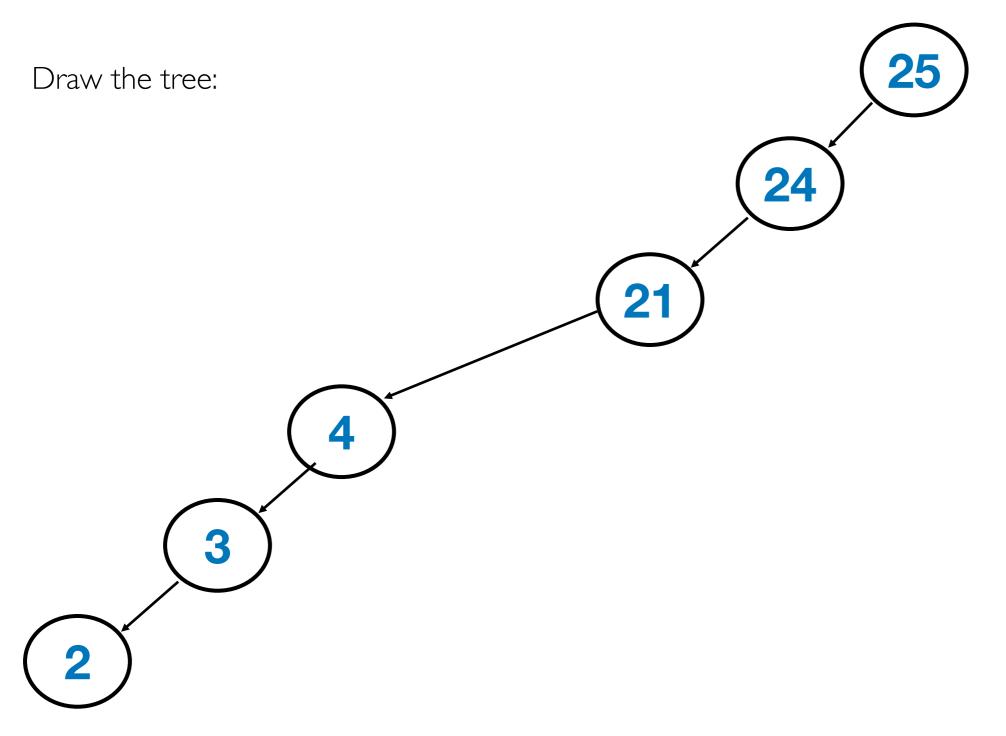

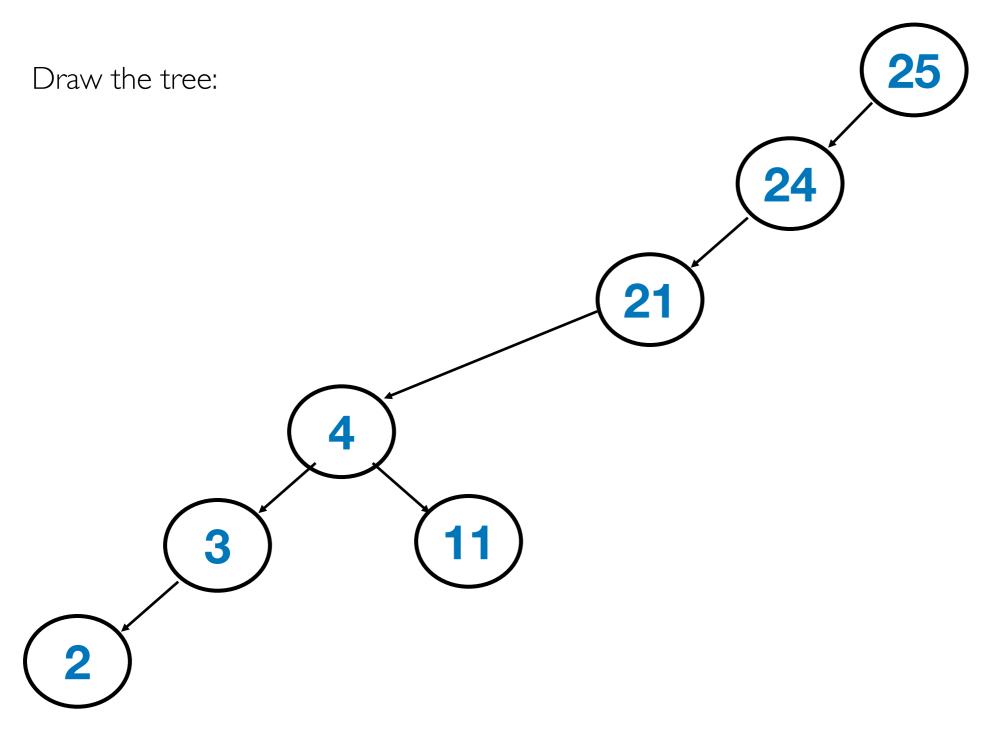

Assume this insertion order for a BST: 25, 24, 21, 4, 3, 2, 11

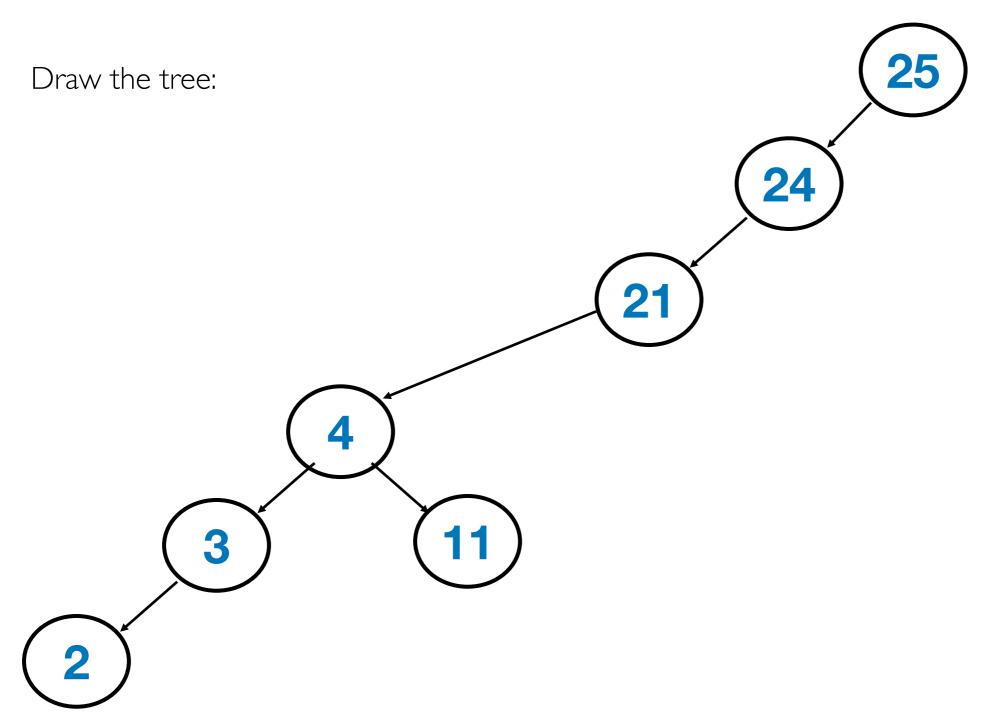

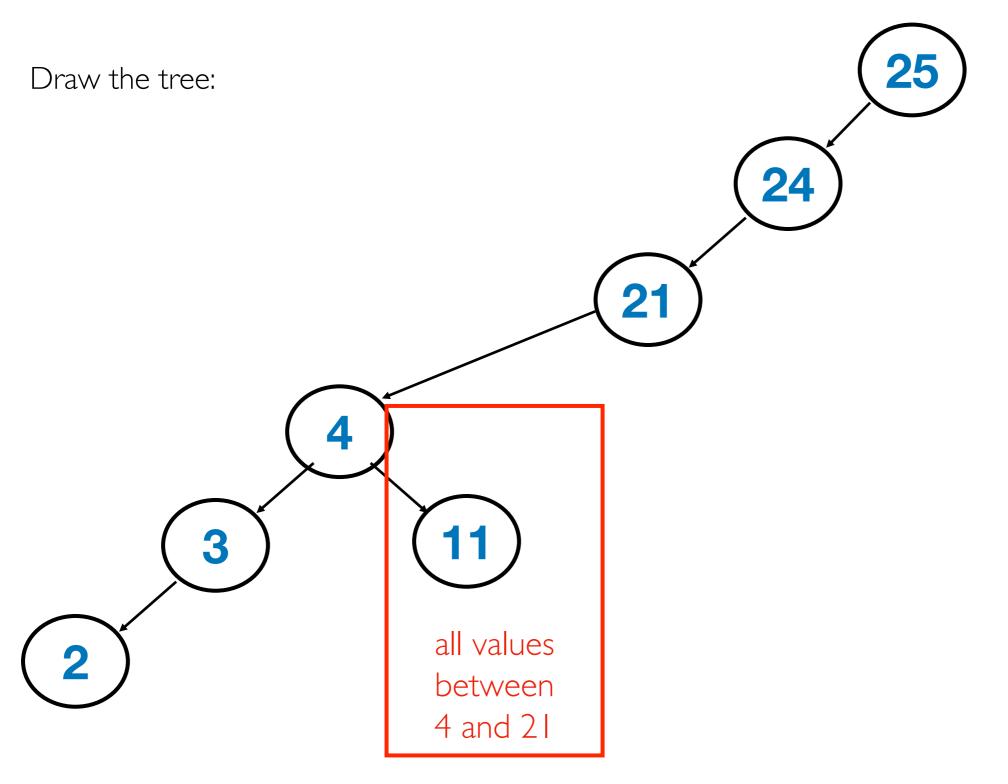

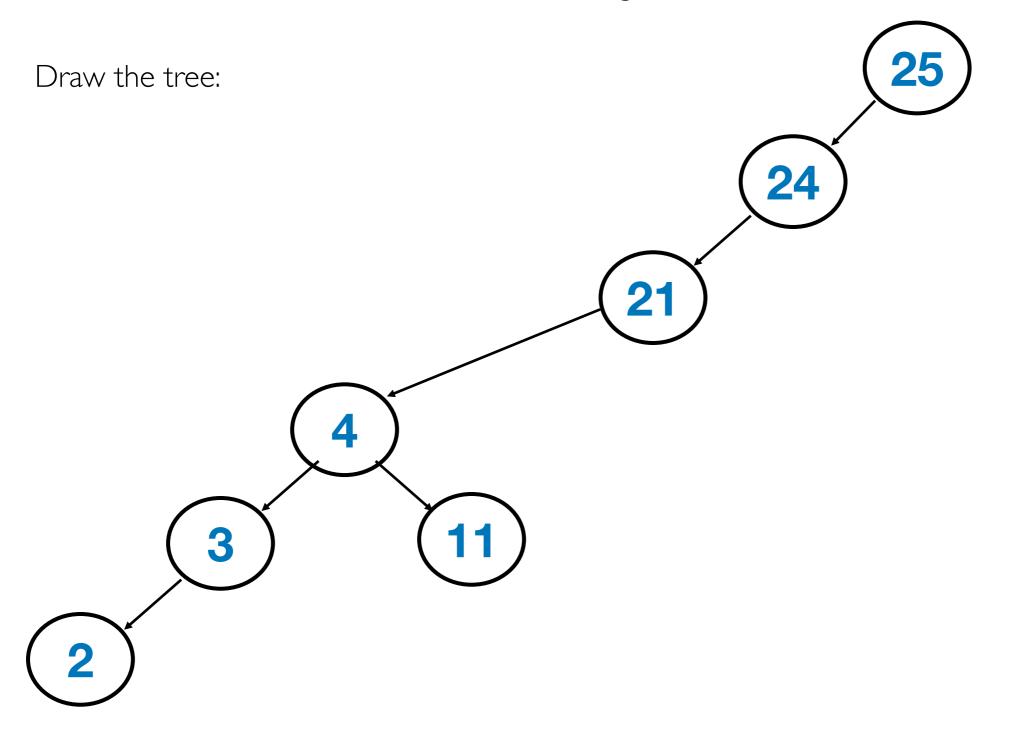

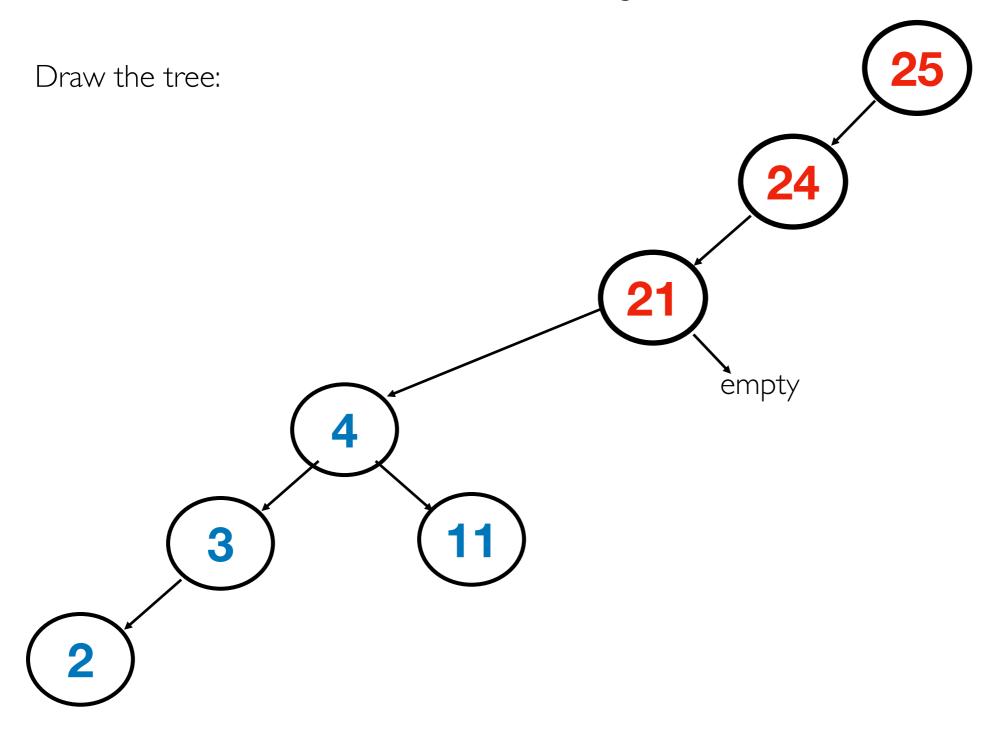

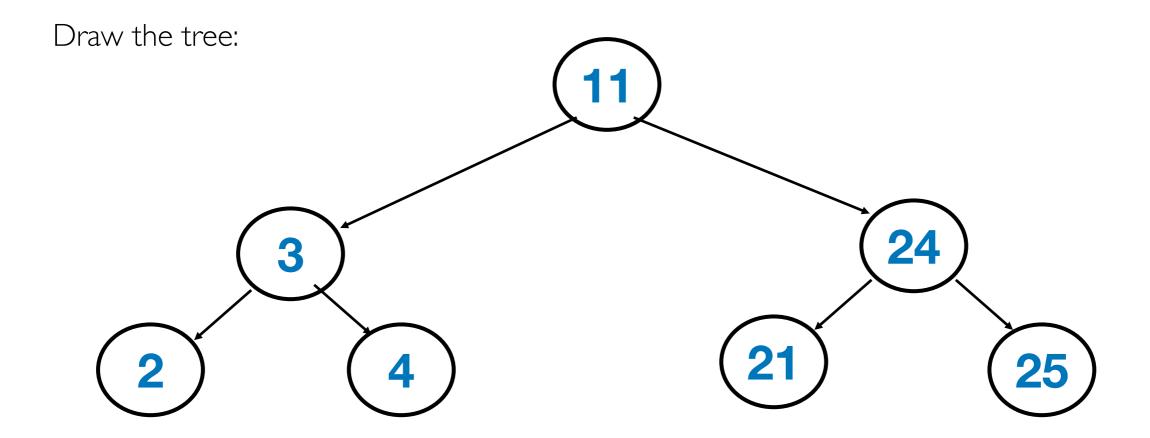

Which nodes will be checked if we're searching for 22?

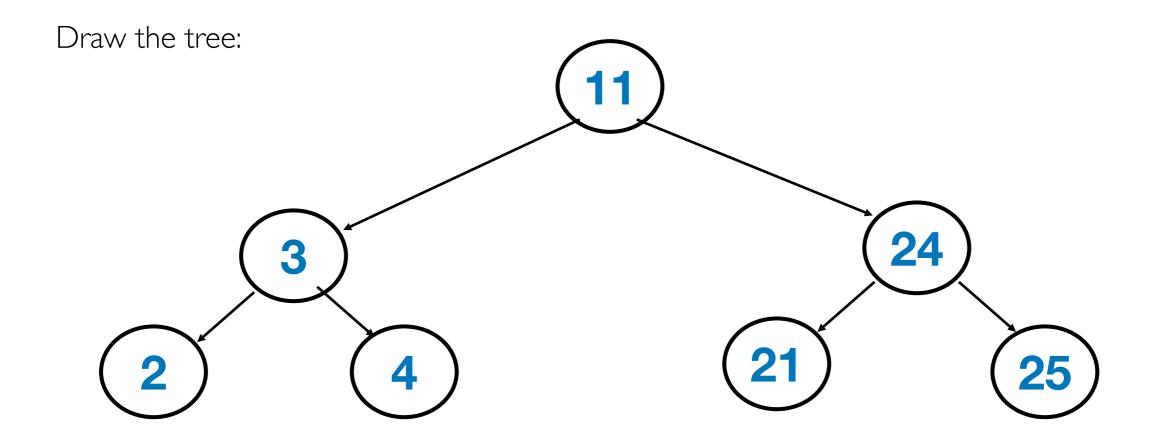

Which nodes will be checked if we're searching for 22?

Write down an insertion order that will produce a balanced tree...

Write down an insertion order that will produce a balanced tree...

11, 3, 24, 2, 4, 21, 25
